**I. Concerning the Amendments**

The amendments presented herein are identical to those presented in the last response except that Claim 6 is not cancelled and the last few lines of Claims 1 and 13 are not amended herein.

**II. Concerning the Citation of Additional Information**

Applicants cite herewith the presence of two copending applications on which Applicants Frank and Donate are listed as co-inventors. Said applications are not on the docket of the undersigned attorney.

**III. Concerning the Rejection over Prior Art**

The amendments are believed to place the application in condition for allowance based on Examiner's comments in the Advisory Action.

**IV. Conclusion**

For the foregoing reasons, reconsideration of the claims and passing of the application to allowance are solicited.

Respectfully submitted,
